### Program Description – Triple P – Parenting Support Programs

**Triple P Fear-Less** (2 to 6 years) - Fear-Less Triple Parenting was developed to help anxious children and their parents. Everyone experiences anxiety, stress and worry from time to time. However, for some, anxiety, stress and worry can overwhelm day to day lives. This Fear-Less series offers parents support with:

- Learning what anxiety is and how it develops?
- Develop strategies to encourage children to express, tolerate and manage their upsetting emotions.
- Create a step by step coping plan

**Triple P Primary Care** - Primary care is a private and quick way to get Triple P support that targets the exact parenting problem or issue you are having, (e.g. tantrums, fighting, going shopping; and supports skill development e.g. eating independently, toilet training or staying in bed at night.) You (and your partner if you wish) will meet with a Triple P provider about four time. Each session usually takes between 15-30 minutes. You'll go home with tip sheets to remind you of the strategies you've chosen.
